

ABOUT US

The Ricardo Fisas Natura Bissé Foundation is committed to uplifting and empowering individuals navigating the complexities of cancer, by enhancing their well-being and confidence through specialized oncology skin and hair care solutions and comprehensive professional education.

Our intention is to revolutionize the approach to oncology care within the cosmetology industry.

By equipping professionals and students with comprehensive training, the program helps ensure that no client is turned away due to a cancer diagnosis.

SKIN CARE EDUCATION

Are you an aesthetician looking to support clients through their journey during oncology treatment?
